PRIME MINISTER • PREMIER MINISTRE

May 4–7, 2017

Dear Friends:

I am pleased to extend my warmest greetings to everyone attending the 2017 National Congress of the Ukrainian Canadian Students' Union (SUSK).

For six decades, SUSK has helped young Ukrainian Canadians achieve their full potential. This convention gives everyone in attendance the chance to discuss issues relevant to students of Ukrainian descent. It also offers participants valuable insight into the ways in which they can work together to ensure the community's continued dynamism and vitality.

I would like to commend everyone involved with SUSK for encouraging Ukrainian Canadian students to explore and celebrate their cultural heritage. Events such as this one remind us of the rich and vibrant diversity that is at the core of our country's identity. As we celebrate the 150th anniversary of Canada's Confederation, let us take the opportunity to honour the many cultures, traditions and beliefs that make Canada such a wonderful place to live.

Please accept my best wishes for an enjoyable and productive congress in Ottawa.

Sincerely,

The Rt. Hon. Justin P. J. Trudeau, P.C., M.P.
Prime Minister of Canada

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone attending the 2017 National Congress of the Ukrainian Canadian Students' Union.

Today's young people are tomorrow's leaders, thinkers and innovators. That is why investing in their talents and skills is one of our government's most important priorities.

I thank the Ukrainian Canadian Students' Union for its commitment to promoting professional development, leadership, and civic engagement amongst young Ukrainian Canadians.

Ontario's 150th anniversary is an opportunity to join together and celebrate the incredible province we live in. Celebrating this milestone means taking pride in our diverse, inclusive and innovative communities and uniting around our shared vision.

With the ongoing crisis in Ukraine, it is good to see our young Ukrainian Canadians taking a stand and getting together to plan for a the challenges of the future.

By working together, we can build a stronger Ontario and a better world for the next generation.

Please accept my best wishes.

Dear Ukrainian Canadian Students!

On behalf of Ukraine and on behalf of the team of the Embassy of Ukraine in Canada please accept the warmest greetings to everyone attending gathering of National Ukrainian Canadian Students Union's Congress.

Canada's 150th anniversary makes this year's event very special. I would like to recognize the great contribution made by Ukrainian students' youth to the development of prosperous multicultural and democratic Canada, as well as the role of SUSK in upholding and promoting the Ukrainian language and culture, strengthening and developing the Ukrainian Canadian community in this beautiful country.

The National Ukrainian Canadian Students Union has also played an important role in strengthening the bonds of friendship and cooperation between our two great nations – the bonds that are crucial today, when Ukraine has to defend itself from the Russian aggression. We are extremely grateful to the Government and people of Canada who provided their moral, informational or financial support to Ukraine in those difficult times.

Talking about Canadian assistance to Ukraine, it is impossible not to mention the support, provided by the Ukrainian community of Canada, of which SUSK is an important part. Availing myself of this opportunity I would like to thank every Ukrainian Canadian for the help and support received in these difficult times.

We understand that we have a very long way ahead in restoring the normal lives of the communities affected by this conflict. We don't have any alternatives but to continue this path - putting end to Russian offensive, taking control over occupied territories by the Ukrainian authorities, continuing democratic reforms and building a peaceful and secure environment for every Ukrainian citizen. And I do believe that with the support of the free world we'll achieve this noble goal.

Please accept my best wishes for an enjoyable, fruitful and memorable Ukrainian Canadian Students' Union gathering.

Greetings from UCC National President Paul Grod to the delegates of the SUSK Congress

Dear SUSK delegates:

On behalf of the Ukrainian Canadian Congress (UCC), I am pleased to extend greetings to all those attending the Ukrainian Canadian Students' Union Congress in Ottawa. The UCC counts SUSK as a key member organization. By bringing together Ukrainian Canadian students from coast to coast, SUSK plays a leading role in the development and advancement of our community, especially our youth.

I would like to recognize the hard work of the SUSK Executive and your President, Cassian Soltykevych, who serves on the UCC's Executive Committee. Cassian and the SUSK Executive have served our community with professionalism and dedication, for which we are all grateful.

In September, 2016, the UCC held its Triennial Congress in Regina. I was delighted to see the very strong representation at the Congress of SUSK delegates and youth delegates. Our students and youth are the future leadership of our community. Your involvement in developing and setting the priorities of the UCC are vital in ensuring our continued future success. In September 2016, we also welcomed Connor Moen as National Coordinator, splitting his time between SUSK and UCC. Connor is playing a key role in ensuring the strengthening of our community's engagement with Ukrainian Canadian youth.

Please accept my best wishes for a productive and memorable Congress. I look forward to working with you as community leaders for many years!

Многая Літа!

Yours sincerely,

In addition, participants will benefit from networking opportunities and explore the theme of future youth leadership and involvement in Canada and the Ukraine.

As Head of Council, I want also to acknowledge the SUSK National Executive, facilitators, sponsors and volunteers for dedicating efforts expertise and resources to the successful organization of this educational meeting of national scope.

President's Report

Welcome Delegates of the 2017 National SUSK Congress!

On behalf of the National SUSK Executive, I would like to welcome you to Ottawa, Canada's Capital City and the home of Canada's Sesquicentennial Celebrations! The 2016-2017 academic year has been full of challenges and opportunities, and SUSK has been hard at work celebrating our Ukrainian Canadian heritage, working with its member Ukrainian Student Organizations (USOs), and advocating for Ukraine and its fight for democracy and freedom.

Canada's Sesquicentennial

2017 is Canada's time to shine with the country celebrating its 150th birthday, aptly named Canada150. The National SUSK Executive felt that it was only appropriate to host our National Congress in Ottawa in 2017 to commemorate this very special occasion. Canada150 has presented SUSK with a wide range of projects for us to collaborate on as well as a time to look back at what a multicultural Canada has been able to achieve in the last few decades. Thank you to all of the students at uOttawa for making your club what it is today and being the host USO for this year's SUSK Congress.

National Coordinator

The greatest change over the last year has been Connor Moen's work as SUSK's National Coordinator – a full-time staff position based in Ottawa. The addition of full-time staff to SUSK has allowed us to work more effectively and to take on projects that are more complex in terms of time, costs, and resources. Connor has worked closely with all of our member USOs, assisting where needed and establishing strong working relationships. While this position is still in its early stages, I thank Connor for his incredible work ethic and commitment to SUSK and the Ukrainian Canadian community. I look forward to working with Connor as Past President and know that his work will continue to play a key role in ensuring long-term success for SUSK.

Ukrainian Canadian Congress 25th Triennial Congress – Regina, Saskatchewan

SUSK was privileged to have participated in the XXV Triennial Congress of Ukrainian Canadians. The Congress, held in Regina, Saskatchewan, featured over 250 delegates who took part in discussions and dialogue that will set the priorities and direction for the Ukrainian Canadian community for the next three years. SUSK is delighted to have contributed to the record number of 43 youth delegates: nearly double of the previous Triennial Congress in Toronto. With representatives from Calgary, Edmonton, Saskatoon and Regina, SUSK sent 13 delegates to the 25th Triennial Congress. Our delegates were involved with the formal structures of Congress, including the Resolutions and Verifications Committees. One of our delegates also served as Vice-Chair for the presidium of the Congress. SUSK prides itself for taking the lead in youth engagement in the Ukrainian Canadian community and looks forward to working with a wide variety of organizations in the future.

SUSK History

Following the digitization of all issues of “Student/Студент” since the first publication in the late 1960s, we have completed labelling all our issues’ articles with titles and authors for quick and easy access and recognition. Many names were recognized while searching and documenting, and SUSK looks forward to continuously engaging with our past “Student” writers, designers, and editors. All of these issues can be accessed online at student.susk.ca.

As past SUSK Executives were collecting old issues of “Student”, many individuals passed along other SUSK archival material as well. After a great deal of sorting, scanning, editing, uploading, backing up, and correcting, SUSK has amassed a number of materials that will be deposited into the official SUSK archive with Library and Archives Canada in the coming months.

Ukraine

SUSK has continued to support Ukraine in multiple ways, including through petitions, campaigns, fundraising, and government advocacy. SUSK’s member USOs have done incredible work fundraising and collecting materials and supplies needed to support Ukraine and its fight against the Russian kleptocratic regime. I had the opportunity to join Prime Minister Justin Trudeau on his first official visit to Ukraine in July of 2016, together with a delegation from the Ukrainian Canadian community. I was honoured to have represented the thousands of students at post-secondary institutions across Canada with Ukrainian heritage and share key priorities of our community with Canadian and Ukrainian leaders and policy makers. In September of 2016, SUSK External Relations Director, Stephanie Nedoshytko, also travelled to Ukraine to commemorate the 75th anniversary of the Babyn Yar (Babi Yar) atrocity.

Over the last year, SUSK met with a number of Canadian and international leaders including: The Right Honourable Justin Trudeau, Prime Minister of Canada; The Honourable Chrystia Freeland, Minister of Foreign Affairs; The Honourable Ralph Goodale, Minister of Public Safety and Emergency Preparedness; The Honourable Amarjeet Sohi, Minister of Infrastructure and Communities; The Honourable Stéphane Dion, former Minister of Foreign Affairs; The Honourable MaryAnn Mihychuk, former Minister of Employment, Workforce Development and Labour; Roman Waschuk, Ambassador from Canada to Ukraine; Stepan Kubiv, First Vice Prime Minister of Ukraine and Minister of Economic Development and Trade; Mustafa Dzhemilev, former Chairman of the Mejlis of the Crimean Tatar People; Mustafa Nayyem, Ukrainian Member of Parliament; Vadym Prystaiko, Deputy Foreign Minister of Ukraine; His Excellency Andriy Shevchenko, Ambassador from Ukraine to Canada; and Kathleen Wynne, Premier of Ontario.

SUSK will continue to work with all levels of government in Canada alongside the Ukrainian Canadian Congress to advocate for strong support of Ukraine now and into the future.

UCC Dragons Competition

It's been almost 4 years since the UCC Dragons Competition at the 2013 Triennial Congress of the Ukrainian Canadian Congress (UCC), and I can proudly say that we have fully implemented every component of our winning proposal: hosting national networking events with our UCPBA partners where possible; implementation of a Project Fund that provides grant funding to member USOs of SUSK; collecting "best practices" from member USOs and creating a Toolkit for all members to utilize in future events and Executives; and establishing the National Coordinator position, a full-time paid staff position for SUSK. All four components, while initiated at different times, are still thriving today and I am thrilled with how all parts were implemented. A final congratulations and sincere thank you to Past SUSK Presidents Olena Kit, Danylo Korbabicz, and Christine Czoli for securing the funding and assisting with the implementation of these initiatives.

Communication

At the beginning of the 2016-17 academic year, SUSK established National Network meetings with all of our member USOs. We hosted two very productive meetings where all Ukrainian student clubs across the country had an opportunity to collaborate over teleconference about what their local club was doing and what events they had planned. While in previous years our only opportunity for mass collaboration was at the yearly SUSK Congress, the National Network meetings allowed us to discuss and plan throughout the academic year.

With Connor's work as National Coordinator, and the help of Media Director Maria Boyko, SUSK did an incredible job at raising its social media presence across the country. Our reach grows every day and the collaboration with member USOs, the Ukrainian Canadian Congress, and other community organizations (both Ukrainian and non-Ukrainian) only makes us stronger and our voices louder.

USO Collaboration

For the past few years, SUSK has seen nothing but continued growth with the number of member USOs that collaborate and work with SUSK. I am thrilled at the work that all of our members do, and I encourage future SUSK Executives to continue with some of the key projects that have resonated with member organizations. First, the SUSK Project Fund has helped provide grants to member USOs for a wide variety of events that have helped promote the Ukrainian Canadian community at post-secondary institutions across the country. Secondly, the SUSK Toolkit has proven to be an invaluable resource for clubs who do not have a wealth of experience with planning events of different kinds on their campuses. Lastly, SUSK worked with a number of its member USOs to host pre-screening events of the film *Bitter Harvest*. The events were incredibly successful and show the great work that SUSK and its member organizations can do when collaborating on different events.

Opportunity

In February of 2017, I travelled to Vancouver to meet what I thought would be a small group of Ukrainian youth who were excited about the work that SUSK was doing. I was beyond thrilled when I was able to meet over 60 young Ukrainians in one evening and even more so when I was told that dozens more wanted to attend. This working weekend proved to be a phenomenal success with the establishment of a new Ukrainian Student Organization in Vancouver.

Most recently, SUSK received an email from a group of young Ukrainians in Barrie, Ontario also looking to establish a Ukrainian Student Organization. This presents an opportunity for SUSK to expand our reach and work beyond major cities and well established universities across the country. While working with our established organizations and member USOs, SUSK should also look to community colleges and post-secondary institutions with 2-3 year diploma and certificate programs to engage a wider range of Ukrainian youth. Many Ukrainians who have recently arrived from Ukraine do not study at major institutions, but rather at smaller campuses focusing on non-degree granting programs.

Finally, I would like to thank my Executive team that I have had the pleasure of working with over the last year. I have been fortunate to have seen most of you since the 2016 SUSKatoon Congress in person, although a great deal of our work continues to be through teleconference, email, text messages, and Facebook messages. Danylo, Andriy, Adelia, Oksana, Natalia, Steph, Kim, Ivanka, Maria, Ashley, and Xrystia - thank you. In the last year we have done a great deal of work and you should all be proud of what we have accomplished. I encourage all of you to stay in touch with SUSK and the Ukrainian Canadian community for years to come. Remember, you are now, and forever will be, part of an exclusive 700+ person club of proud SUSK alumni.

I wish everyone a wonderful 2017 National SUSK "True North SUSK and Free" Congress and a great time in Ottawa during our sesquicentennial year!

Happy Birthday Canada! Многая Літа Канадо! Joyeux anniversaire Canada!

Слава Україні!

Message from the National Coordinator

On behalf of the Ukrainian Canadian Students' Union (SUSK), I would like to extend my warmest welcome to all the delegates, observers, alumni, speakers, and partners as we gather for the 2017 National SUSK Congress in Ottawa, Ontario ('True North SUSK and Free').

SUSK, as well as our member organizations across Canada, work hard every year to organize events and projects to unite Ukrainian Canadian students both locally and nationally. Social gatherings, cultural showcases, and interactive activities are held each year, and are open to anyone interested in learning about Ukrainian history and culture. We have worked tirelessly here at SUSK, particularly with the Congress Committee, to deliver the most meaningful Congress possible.

SUSK has truly transformed as an organization since the last Congress. Months after SUSKatoon, I had the incredible opportunity of becoming SUSK's first full-time staff. Since then, I have tackled a number of tasks, including completing our USO Toolkit, assisting the Executive with various assignments, connecting with over 20 of our student organizations (susk.ca/usos is updated and is an incredibly helpful resource to keep tabs on member groups), liaised between our partner dFilms and our USOs to execute Bitter Harvest pre-screening events across Canada, began developing a fundraising strategy, and planned this year's SUSK Congress.

Regarding fundraising, this year was a large learning experience for SUSK in regards to the process of grant writing. Since September, we have prepared a case statement and have vetted for a number of grants to diversify our revenue in future years. We look forward to sharing with you more information in the coming months as to what this will look like! Next year looks incredibly promising since adjusting to the organization's new dynamic. Having established terms of reference for this piloted position along with conducting strategic fundraising planning, we anticipate an unprecedented increase in growth for SUSK.

While this year has presented a multitude of accomplishments, there have also been challenges. This is of course to be expected with a new position - especially one shared with another organization. Being a national organization tethered by e-communications can present challenges such as lack of communication, or perhaps both employers have considerable deadlines coming up in a timely fashion. Digital communication can also sometimes limit the scope of consultation with establishing clubs/students that do not have as close of a relationship with SUSK as returning clubs/students. To elaborate, some clubs are still learning to understand the value of having full-time staff at their disposal. The secret to my position is that I ultimately will only be as helpful as a club engages me. For example, the U of T Mississauga club approached me to help with their fundraising letter. Together we secured over double the original amount needed! Transitioning from a voluntary role (USO President + SUSK Executive) to a professional role has also introduced new expectations. However, this is to be understood as an inevitability with such a new role and making a distinct transition from a student to a professional. I can not wait to see what I accomplish with the 2017/18 National SUSK Executive and Ukrainian students across Canada!

SUSK Congress is an exciting time to come together and share ideas so that we will move forward as a community. This year will be no exception, as we mark Canada's sesquicentennial anniversary here in the nation's capital. We eagerly await for learning, networking, growth, and new friendships that this Congress holds in store and wish all participants a valuable and memorable weekend!

Financial Report

To the Stakeholders of the Ukrainian Students' Union:

As the Vice President Finance for the 2016-2017 SUSK Executive year, I would like to thank all the Executive members for a tremendous year. SUSK Executives continue to inspire me, and their passion for advocating on behalf of students is unparalleled. My fellow Executive members are some of the most talented individuals I have had the pleasure to work with, and serving on the Executive team for a second year has been a true honour. I thoroughly enjoyed working to maintain the accountability and sustainability of our organization, and thank all those that took part in this process. Our efforts could not have been successful without our generous donors and sponsors, and I would like to personally thank them for continuing to support Ukrainian Canadian students across Canada!

In an effort to continue the stability and fair representation of the SUSK Financial Statements, my recommendations for the incoming Executive are:

1. Excel spreadsheets are an appropriate choice for SUSK tracking, due to their ease of use and transparency. *It is recommended that the incoming Executive continue to use Microsoft Excel spreadsheets for bookkeeping.*
2. SUSK's fiscal year has been changed from the previous May 1st to April 30th period. SUSK's fiscal year is now January 1st to December 31st, which effectively captures SUSK's operations throughout an entire calendar year. This is a better representation of the operation of the organization, as it no longer starts at the busiest time in our season, which involves SUSK Congress. *It is strongly recommended that SUSK continues to use the new fiscal year to present all future financial statements.*
3. SUSK's Executive undergoes a turnover on average every 12 months. This rate of turnover is dangerous for the stability of the organization's direction and finances. Detailed transition reports, and in person transitions from the previous year's Executive should take place when possible. The reports should be made available to the incoming Executive in order to ensure proper succession planning. *It is strongly recommended that the new Executive team looks into proper transition planning strategies and that transition reports become a standard procedure for SUSK.*
4. Given that the organization has grown over the years, spending and revenues have increased in the organization. This creates a problem if there are no appropriate checks in place to control spending for the organization. The creation of SUSK's financial policy framework will allow for the Executive to refer to a document detailing how to spend SUSK's money. *It is strongly recommended that SUSK uses these newly created guidelines to monitor and regulate SUSK's spending.*

5. Given that the Student Digitization project has been completed, and the funds allocated to this project remain categorized as “reserved funds”, the money should be reallocated back into the general account. *It is strongly recommended that SUSK no longer defers the money allotted for Student Digitization project, and adds it to its regular operating account.*

6. Given that the National Coordinator position has been filled, the majority of the funds from the Ukrainian Dragons Competition have been used to pay the salary for this position. The remaining money should be reallocated into the general account. *It is strongly recommended that SUSK no longer defers the money received from the Ukrainian Dragons Competition, and adds it to its regular operating account.*

7. With the hiring of the National Coordinator, SUSK now has a full time employee to assist in the functioning of the organization. As a result, there is an annual salary that must be paid to the individual, and it becomes a large regular expense for SUSK for the foreseeable future. *It is recommended that SUSK looks into new streams of revenue to help subsidize the cost of this position, in order to ensure it is sustainable for years to come.*

With these recommendations I believe SUSK will continue to grow and thrive, and I am excited to see what the future holds for our vibrant organization!

Warmest Regards,

Andriy Katyukha
Vice President Finance 2016-2017

Notes to the Financial Statements

1. Significant Accounting Policies

- a. The Ukrainian Canadian Students’ Union (SUSK) follows a deferral method of accounting for contributions and expenditures. Support from the general public consists of contributions and expenditures relating to the prior year’s campaign. Funds raised during a campaign, net of related campaign expenses and provisions are used to provide the funds for funded activities. Accordingly, they are deferred at the end of the campaign year and are recorded in the statement of operations of the following year.
- b. Deferred Revenue- restricted contributions are recognized as revenue in the year in which the related expenses are incurred.
- c. Donated Services- no amounts have been reflected in the financial statements for donated services, since no objective basis is available to measure the value of such services. Nevertheless, a substantial number of volunteers have donated a significant amount of their time to the activities of SUSK.
- d. SUSK now has a fiscal year beginning on January 1st and ending on December 31st.

Leadership has been a way of life for John Vellinga, dating all the way back to the days when he was President of his high school students' council. He was educated as a Systems Design Engineer at the University of Waterloo, where he took on the roles of President of the Engineering Student Society and President of the University Federation of Students. While at university, Mr. Vellinga co-founded the Waterloo Engineering Endowment Foundation, an innovative and widely imitated student-run endowment which, at over \$8 million dollars, is now one of the largest sources of funding for undergraduate Engineering education. In Canada, he has worked with such leading companies such as Procter & Gamble, Canadian Tire and General Motors, in a management and technical role. This early part of his career built experience and understanding of each stage of the supply chain: manufacturing, packaging materials, distribution and retailing. In 1997, he moved to Ukraine and was a founding partner, and Managing Partner of Emergex Business Solutions (EBS). EBS has since grown into Ukraine's largest private management consulting firm, a major employer of professionals, with many multinational and top-tier clients. Throughout his academic and business career, Mr. Vellinga has proven to be a strong and visionary leader that can be counted on to implement change and produce results. This, combined with extensive experience in technology, project management, organization design and business process re-engineering, provide him with an excellent skill-set for building and leading Multiculture Marketing and its subsidiaries.

Connor Moen is SUSK's National Coordinator. Before becoming SUSK's first full-time staff person, Connor began his journey with the Ukrainian community by being one of the cofounders of the newly-revived University of Saskatchewan Ukrainian Students' Association in his first year of university. Though only four members were first active and carried out few events in the first year, the club became one of the largest USOs in the country by his graduation.

Connor's wealth of knowledge has helped SUSK with several pursuits, including the USO Toolkit. His session USO 101 will look at key fundamentals for a successful USO and addressing challenges unique to clubs in their early years of development.
